THE MOST WONDERFUL Discovery of the Age.

THIS remarkable preparation contains no alcoholic stim-plent, no essential oil, nor one unhealthy drug. It does not color the hair, but acts upon the scretions and secrenot color the hair, but acts upon the a cretions and secretive organs, so as to supply the former with the necessary coloring matter, and upon the latter, so as to completely restore their impaired or lost functions. All this the proprietor has a right to say, for it has done all this for him. At the age of thirty-seven he was as gray as the man of seventy, and his hair nearly all failen off, but he now has an abundant crop, and no person would ever imsgine that he ever had a gray hair; and his hair is as soft and pliable as though it had been recently ciled. This is not an isolated case; it has done the same for many others, as the following case; it has done the same for many others, as the following

Sr. Paul, Jan. 1, 1855.
Prof. O. J. Wood-Dear Sir: Unsolicited I send you this crificate. After being nearly baid for a long time, and aving tried all the hair restoratives extant, and having no faith in any, I was induced, on hearing of yours, to give it a triat. I placed myself in the hands of a barber and had my head rubbed with a good stiffbrush, and the Restorative then applied and well subbed in till the scalp was all a glow. This I repeated every morning, and in three weeks the soft and pleasant to the touch, whereas before it was harsh said wiry, what little there was of it, and that little was disappearing very rapidly. I still use your Restorative about twice a week, and shall soon have a good and perfect crop of hair. Now I have rand of these things—and who has not?—but have never hitherto seen any case in which any person's hair was really benefitted by the aid of the hair tonics, &c., of the day, and it was really benefitted by the aid of the hair erson's hair was really benefitted by the aid of the hair onics, &c., of the day, and it really gives me pleasure to record the result of my experience. I have recommended your preparation to others, and it already has a large and general sale throughout the Territory. The people here saw its effects and have confidence in it. All who have used it here will coincide with me in what I have written. The supply you sent us as the wholessie agents of the Territory is aircaily exhausted, and daily inquiries are made for it.—
You deserve credit for your discovery. I, for once, return you my thanks for the benefit it has shore me, for I certainly all despaired long, long ago of ever effecting any such reult. I congratulate you that your fortune (and a large one)

is already made. Yours, hastily, J. W. BOND. Cantyre, Ill., June 27, 1858. I have used Prof. O. J. Wood's Hair restorative, and have admired its wonderful effect. My hair was becoming, as I thought, prematurely gray but by the use of his Kestora-tive, it has resumed its original color, and I have no doubt permanently so. SIDNEY BREESE,

Ex-Senator United States. Впоскупил, Jan. 12, 1855. Prof. Wood - Dear Sir; Having made tris Restorative, it gives me piensure to say that its effect has been excellent in removing left ammation, dandruff and a constant tendency to litching, with which I have been troubled from childhood, and has also restored my hair, which was becoming gray, to its original color. I have used no other article with anything like the same pleasure and profit.

114 Market st., St. Louis, Mo., March S, 1855. Dear Sir: I am doing an extensive travel in the Western and Southwestern States, as General Agent for Adams' American Liniment, and would be glad if you would favor me with a consignment of Prot. Wood's Hair Restorative, as I feel assured that I can introduce it in many places where it is not known, as my own head is a living ter valuable properties, in restoring bair to its untural color.— I am forty years old, and my bair was almost white, but after using three half-pint bottles, my hair is as beautiful au-burn as it was at eighteen, and much improved in appear-ance, and I would not be without a bottle on hand for the price of ten. I should be glad to attend to any matter that is connected with the Hair Restorative. I have been for thirteen years engaged in the same business, and will be all in their power to add to the comfort of glad to hear from you soon. My address is Paris, Tenn.
